CLOS DE STE. ANNE

James and Annie Millton are artisan winegrowers specializing in dry farmed, single vineyard, estate grown and bottled wines since 1984. Their vineyards are situated in the Gisborne appellation on the North Island of New Zealand. Due to the location of the international dateline their vineyards are some of the first in the world to be blessed by the sun's energy each day.

The Clos de Ste. Anne estate is situated in the steep slopes of the Gisborne region. These unirrigated vines are worked by hand. Soft fruit characters with complex flavours and finely grained tannins will allow this wine to develop its personality over time.
