GISBORNE  
CHARDONNAY  
ESTATE VINEYARDS

James and Annie Millton are artisan winegrowers specializing in dry farmed, single vineyard, estate grown and bottled wines since 1984. Their vineyards are situated in the Gisborne appellation on the North Island of New Zealand. Due to the location of the international dateline their vineyards are some of the first in the world to be blessed by the sun's energy each day.

This Chardonnay is produced from hand-harvested grapes grown in a selection of our estate vineyards. Very lightly wooded, the wine exhibits fresh fruit characters with a soft complex taste. Fermented in stainless steel tanks and French oak barrels.
